

Conference Registration

The 2010 Northern Area Western Conference takes place this year during the Vancouver Olympics. As a result, we have chosen an Olympic theme and intend to keep participants posted on events and achievements in Vancouver, while they participate in their own 'Going for GOLD' events here in Calgary.

This conference will provide you with an excellent personal and professional growth opportunity. As a conference attendee, you will:

- **Attend Technical Symposia:** We are running a three day technical program with two concurrent sessions, ten to twelve technical themes and in excess of fifty technical papers guaranteed to challenge and inspire you.
- **Participate in the tradeshow:**
 - Exhibitor Passport Program – Interact with vendors, get your passport stamped at all of the tradeshow locations and then enter to win a big screen tv!
 - Olympic Lounge – a place to network and to catch up on events at the Vancouver Olympics
- **Network with colleagues and new acquaintances:**
 - Lunches
 - Coffee breaks
- **Participate in social events:**
 - Meet and Greet
 - NACE Mini Olympics social evening – start thinking now about the Olympic athlete you would like to dress like that night!
- **Attend the Student Poster Session**
