[Click here](#) for more information on these and other corrosion-related conferences.

NACE Satellite Seminars

A one-day corrosion workshop is being planned for Estevan in the spring of 2010. More details will be provided as plans are firmed up.

Chair's Column Season Greetings!

Once again it is my privilege to extend the Calgary NACE Executive's best wishes to our good friends and colleagues going into a New Year.

During the past year your Calgary

Section has been extremely successful in organizing a number of well attended and innovative events, which provided great educational and networking opportunities for our membership and loyal sponsors.

This year the Calgary Section is extremely excited to be hosting the 2010 Northern Area Western Conference and would especially like to recognize the voluntary efforts of the Conference Steering Committee members...

Chairman	Colin McGovern, Devon Canada
Vice Chair	Roy Schubert, Shell Canada
Treasurer	Dean Jenson, Penn West
Treasurer	Aissa Van Der Veen, TransCanada
Program	Jerry Bauman, Cimarron Engineering
Program	Dave Owen, Enerplus
Arrangements	Cat Taylor, Pengrowth
Arrangements	Jolene Person , NALCO
Arrangements	Pavle Canji, Rosen Canada

NACE International Courses

- ▶ Jan 24-29:
CIP Level 1
- ▶ Jan 31-Feb 5:
CIP Level 2
- ▶ Feb 5-7:
CIP Peer Review

Production Chemicals Tradeshow

More than 100 people attended the Production Chemicals Tradeshow at the Calgary Chamber of Commerce on October 7.

For the small cost of \$10/person, participants had a chance to network with colleagues and to talk with representatives from the premier production chemical vendors in Western Canada.

Feedback was very positive and NACE Calgary plans to host more tradeshow in the next year. Here are a few photos from the event:

Careers...

Promoting corrosion careers

NACE Calgary is involved in many activities to encourage careers in the corrosion industry. Recent activities include two student mixers at SAIT:

- ▶ Six students signed up for NACE memberships at the SAIT Welding Engineering Technology Mixer on October 12.
- ▶ Approximately 70 Students attended the SAIT Power Engineering Tech Student Mixer on October 28.

Don't miss Northern Area Western Conference!

Registration is now underway for this popular conference that will take place on February 15-18, 2010 in Calgary at the Telus Convention Centre. Early bird rates are available until January 15.

The conference includes an excellent line-up of technical presentations, along with comprehensive displays in the tradeshow area and a social program that follows the Olympic theme. For more information about the technical program and to register, visit the [registration site](#), and/or the [conference website](#).

So far, 56 sponsors are supporting the conference through tradeshow participation and hosting of various events. [Click here](#) to see a list of gold, silver, and bronze sponsors. To get more information about remaining sponsorship opportunities, [click here](#).

NACE CALGARY SECTION NEWS

NACE News is produced four times a year by the Executive Committee of NACE Calgary Section, in December, March, June and September.

To provide feedback or to submit an article or story idea, email: naceneews@nacecalgary.ca.

Materials Camp for teachers

NACE Calgary and ASM Calgary are sponsoring another one day materials camp for teachers on February 12 during their annual convention.

Last year's camp was very successful with 124 teachers in attendance, and there is a lot of interest in the camp planned for this year.

Two workshops on *Science in the Material World* will be offered, one geared to Junior High teachers and the other for Senior High teachers. NACE members are welcome to attend and participate in the workshop.

For more information, contact [Matt Stroh](#).
