News about corrosion and the corrosion industry produced quarterly for members of NACE International in the Calgary area

## Canada to Host world's largest Corrosion Conference...

The world's largest corrosion conference and exposition, CORROSION 2016, is returning to the Great White North. After 30+ years, CORROSION is back in Canada from March 6-10 and better than ever! Vancouver, British Columbia welcomes more than 6,000 corrosion engineers, scientists, researchers, technicians, asset owners, inspectors, and other professionals from over 60 countries across the world.

This comprehensive conference will be packed with technical education and knowledge exchange plus opportunities to connect with industry experts and peers focused on the prevention and mitigation of corrosion worldwide.

**At Corrosion 2016 you will learn** from than 1,000 hours of technical symposia, forums, and meetings from 15 unique industry and technology tracks, including:

- Cathodic Protection
- Coatings
- Oil and Gas Exploration & Production
- Pipelines, Tanks, and Underground Systems
- Energy Generation, Transmission, and Distribution

**Visit** 400+ exhibiting companies showcasing their latest products, technology, and services. **Engage** in important networking events and connect with peers, colleagues, and industry experts. And **increase** your knowledge and gain PDH's (Professional Development Hours).

For more information visit the conference website at <http://nacecorrosion.org/>.

### Northern Area Eastern Conference October 18-21, 2015 Ottawa Ontario

The NACE Canadian National Capital Section and NACE International invite you to attend the 2015 Northern Area Eastern Conference.

Join more than 175 conference attendees and 30 leading companies on hand for an educational conference focused on modern corrosion prevention and control strategies, including topics such as:

- Materials Selection,
- Coatings and Linings,
- Surface modification,
- Electrochemical Protection,
- Inhibitors,
- And much more.

Advance Registration is available until September 18, 2015. For more information and to register, visit <http://nae.nace.org/>.

## Message from the Chair

This has been a busy year for NACE Calgary. Our roster included the Northern Area Western Conference in February, as well as several local and regional course offerings and some high quality technical lunch meetings. We also hosted a well-attended Non-Metallic and Composite Materials Symposium in Red Deer.

The next event for this season is the ever popular NACE Calgary Golf Tournament on August 21, 2015. Registration is underway and the event is always a sell-out, a lot of fun, and a great networking experience. So be sure to register early.

Our annual dinner in September or October will provide an opportunity to salute long term members. A NACE Calgary student section was formed this year with some great technical sessions. And the annual Teacher Materials Camp was well-attended and well-received.

The Executive Committee is taking a break over the summer. We will be re-convening in September in order to decide on courses, technical lunches and other events that we will offer over the fall and winter. In the meantime, this issue offers some of the events and courses that are already scheduled for the fall.

See you in September!

Prabhu Srinivasan

## Recent Events

### Downhole Corrosion Issues NACE Calgary Technical Lunch

On June 5, 70 people had a delicious lunch at the Calgary Petroleum Club and enjoyed the interesting and informative presentations on Downhole Corrosion Issues.

Thanks to the speakers for their excellent presentations:

- Ray Goodfellow, IRISNDT Engineering - *Materials and Corrosion Challenges with Shale Gas Wells*
- Jerry Bauman, CNRL - *Pulse Current Cathodic Protection of Well Casings*

## Upcoming Courses\*...

### CIP Level 2

Sept 20-25, 2015, Red Deer

### CIP Level 1

Oct 18-23, 2015, Red Deer

### CIP Level 2

Oct 25-30, 2015, Red Deer

### PCS 1 Basic Principles

Nov 1-3, 2015, Edmonton

### PCS 2 Advanced

Nov 4-6, 2015, Edmonton

### Advanced Internal Corrosion for Pipelines

Nov 23-27, 2015, Edmonton

### CIP Level 1

Dec 6-11, 2015, Red Deer

### CIP Level 2

Dec 13-18, 2015, Edmonton

### CIP Peer Review

Dec 18-20, 2015, Edmonton
